Draft ITM Documents

These documents are currently in draft which means final approval has not been given; they should nevertheless be considered active guidance and should be followed in the absence of other guidelines covering the same material. Some documents may have been recently approved and if so, are being maintained here for continuity purposes for one additional semester.

- Doctor of Philosophy in Information Technology (PHD-IT)
 - http://www.itm.iit.edu/faculty/Approved_PhD_in_Information_Technology.pdf
This degree has been approved by the Faculty and the Board of Trustees of Illinois Institute of Technology. It became an official degree offered by the university as of September 28, 2023, effective for the 2023-2024 Academic Year, and will be formally published in the 2024-2024 *Graduate Bulletin*.

Working Papers

These documents are in work or preliminary drafts but are not yet in the draft stage. They may also be important documents from outside sources that have a clear impact on our curriculum. They may also be historical in nature. They are provided purely for information or comments and internal IIT working documents do not represent active policy or curricula.
