

General Advising Information

Spring 2024 student registration access will be activated according to your current standing—determined by credit hours completed—and the following schedule:

1. Mon, Nov 6, 8:30am: Student athletes, ROTC students, and students with disabilities
2. Tues, Nov 7, 8:30am: Graduate & U5 (5th Year Undergrad) & U4 (4th Year Undergrad) registration starts
3. Wed, Nov 8, 8:30am: U3 (3rd Year Undergrad) registration starts

5. Fri, Nov 10, 8:30am: U1 (1st Year Undergrad), exchange, visiting, and non-degree student registration starts

Student class standing for registration is based on earned hours, which **does not include** classes taken in the Fall 2021 semester.

Spring and summer 2024 class schedules are officially available Monday October 23. (We will not be advising on summer courses until spring.) You can view the class schedule either in the MyIIT Academics tab or in the “quick links” on www.iit.edu; you can also use the “secret faculty version” of the schedule at <https://wildfly-prd.iit.edu/coursestatusreport/>; just select your subjects from the drop-down box. In order to see **ALL** ITM courses using MyIIT drop-down menus, you must hold down your CTRL key and select Information Tech and Mgmt, ITM Development, ITM Management, ITM Operations, ITM Security & ITM Theory and Technology.

For Professor Trygstad’s Advisees: You may schedule an appointment at <https://trygstad.youcanbook.me> but *please* ensure you log into the Google Meet at or before your scheduled time in order to be fair to your fellow students. Monday and Tuesday advising is *online only*. Oh and by the way, I wrote these notes so I am responsible for them.

You cannot make an appointment during my *scheduled office hours* (3 pm – 5 pm Thursday) or on Fridays. **Monday and Tuesday appointments will be via Google meet only.** During office hours just come to my office or log into the Meet and say something so I hear you are there; I may not be on that screen. At other times Wednesday through Friday if my office door is closed, it means I am working or are in meetings and am not available, but if it is open please knock and we can probably do some advising. Evening advising is unlikely but can only be arranged by appointment via email.

For Professor Hajek’s Advisees: Professor Hajek is available Tuesday through Thursday afternoons and Friday mornings, and can be available by prior arrangement for advising on Mondays. You can make an appointment with Professor Hajek at <https://hajek.youcanbook.me>.

For Professor Pappademetriou’s (Professor Billy’s) Advisees: You can make an appointment with Professor Billy at <https://professorbilly.youcanbook.me>. When you schedule an appointment, you will be given a link for the ZOOM session between him and you. Please do not give this link out, as it is a special link that only belongs to and works for you!

Professor Pappademetriou Spring 2024 Advising Comments:

Professor Billy will generally be available on Tuesday, Wednesday late afternoon and early evening, Thursday, Friday for remote advising. Wednesday late afternoon and early evening I am at Mies Campus.

Phone Number: 331-209-5999 (Professor Billy really prefers the student send email instead of calling, including information needed, for faster return time.)

MATH for BITM Undergrads

BITM first-year students should all register for **MATH 180 Fundamentals of Discrete Math**. BITM students who have completed MATH 180 should take their statistics course. You can register for **BUS 221 Business Statistics** or **MATH 425 Statistical Methods**. Alternatively you can wait for fall and take **PSYC 203** or **MATH 225** which are not being offered in the Spring 2024 semester. **BUS 221** may require a departmental permit from the Director of the Undergraduate Business program, Prof. John Twombly (twombly@iit.edu). If you are not allowed to register for BUS 221, request your permit from Professor Twombly. He will probably not issue any permits until he is sure that all business students who need the class have registered.

MATH for BSACIT Undergrads

First-year students should register for **MATH 151 Calculus I** or **MATH 152 Calculus II** if you have completed **MATH 151**. Upperclass students who have completed the calculus sequence (MATH 151, 152, and 251) should take **MATH 230 Introduction to Discrete Math** or **MATH 474 Probability and Statistics**.

ITM First Year Undergraduate (Freshman) Advising

All ITM first-year students need to take a Natural Science or Engineering elective. Remember that two courses in Natural Science or Engineering must be in the same subject area. In this area we strongly recommend **EG 225 Engineering Graphics for Non-Engineers**, which is in the Natural Science and Engineering lineup this term with a regular schedule.

All ITM first-year students should also take a lower-level social or behavioral science elective. Remember that you must take 9 hours of lower-level social or behavioral science and humanities (100/200) but it can be two humanities and one social or behavioral science or two social or behavioral science and one humanities course. Some upper level Social Science courses require completion of a prerequisite in the same area so it may be best to take two lower-level social science classes in different areas and only one lower level humanities course. If you did not take it in the Fall term, first-year students should take a 100/200-level humanities elective, i.e. HUM 20X, or take a lower social or behavioral science elective.

ITM Current Second Year Undergraduate (Sophomore) Advising

Sophomore (U-2) students who entered the program as first year undergraduates (freshmen) need to start thinking about a minor, as completion of a minor is required in the BITM program. It can be anything you want—we think it’s amazing to see someone in IT minor in philosophy—but you really need to start thinking about this. An interesting minor with a strong relationship to ITM is Supply Chain Management. Remember also that BITM students may need **BUS 221 Business Statistics**, or **MATH 425 Statistical Methods**, which are only offered in the Spring term—so you should grab one.

Sophomores need to start thinking about a minor, and Computer Science is a popular choice. The following CS minors are available to ITM students:

- Minor in Artificial Intelligence
- Minor in Computer Architecture
- Minor in Computer Networking
- Minor in Computer Science
- Minor in Database Management
- Minor in Operating Systems
- Minor in Programming Languages
- Minor in Software Engineering

Because of the way the minors in CS are constructed there some good opportunities for ITM students. Since you took ITM 311, CS 201 is waived for you, so you can select another CS elective in its place—more learning! ITM students can use their 12 hours of free electives to complete a double minor in CS, because CS 331 will count toward both minors. But—you have to be committed because CS is not easy. Suggested double minors could be:

- Minors in Artificial Intelligence and Software Engineering
- Minors in Computer Science and Software Engineering
- Minors in Operating Systems and Software Engineering
- Minors in Programming Languages and Software Engineering

All second year students who have completed ITM 311 and ITM 313 need to take ITMD 411 if you have not done so already.

ITM Current Third Year Undergraduate (Junior) Advising

Junior (U-3) BITM students who entered the program as first year undergraduates (freshmen) should be one or two courses into your minor since completion of a minor is required in your ITM program. If you are not, we *seriously* need to talk. Also, transfer students who have completed a semester at IIT may want to consider entering the Co-Terminal Degree program, which would allow you to earn a Master's degree while you are an undergraduate; speak with your adviser for more details.

ITM Current Fourth/Fifth Year Undergraduate (Senior) Advising

Senior (U-4/U-5) students who are planning to graduate in May 2024 **absolutely** must take **ITMT 430 System Integration** if you have not taken it already. The ITMT 430 lecture is Monday morning at 10am, and labs are Monday or Wednesday at 11:50am or Wednesday at 10am.

Social and Behavioral Science General Education Elective Selection

Here are recommendations for Social and Behavioral Science General Education electives for Spring 2022 with the reasons. All courses are at the Mies Campus unless noted otherwise. The Subject Code *SSCI* is applied to courses that formerly were cross-listed as both Political Science and Sociology, and can count as either for prerequisite and subject distribution purposes. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

Democracy, Dictator, & Development: Interesting class taught by a favorite instructor of ITM students.

53312/PS 232-01/Tues-Thurs 1:50pm-3:05pm/27/Mies -/Aleksandar Jankovski

Industrial Psychology: This course is highly recommended and professionally relevant. And no prerequisite!

20953/PSYC 301-01/Tues-Thurs 5:00pm-6:15pm/50/Mies -/
20954/PSYC 301-02/Tues-Thurs 1:50pm-3:05pm/50/Mies -/

WARNING I have not listed it, but you may notice that there are two sections of an online Social/Behavioral Science elective in the spring term: **ECON 423-02/04 Economic Analysis of Capital Investments**. I do not recommend this class either live or online, despite the extreme scarcity of online general education electives. This is because experience has shown that if you take this course and four other classes, ECON 423 will be as much work as your other four classes combined. I like John Twombly who teaches ECON 423 and you probably would too—he is an excellent teacher—but his expectations are extremely high as is the workload in his class. If you really need to do a social science elective online AND you are not afraid of hard work (*really* hard work), then GO FOR IT.

Natural Science/Engineering Elective Selection

Here are recommendations for Natural Science/Engineering General Education electives for Spring 2024 with the reasons. All courses are at the Mies Campus. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

Engineering Graphics for Non-Engineers: Learn to read blueprints and much more. Two sections for your convenience.

24369/EG 225-01/Tues-Thurs 11:25am-12:40pm/Mies -/William Briggs
52077/EG 225-02/Tues-Thurs 1:50pm-3:05pm/Mies -/William Briggs

If you are following the EG sequence for your Natural Science/Engineering requirements, you should note that **EG 425** is also offered this term.

Key Forms from Undergraduate Academic Affairs (UGAA)

Academic Audit Request Form: An academic audit provides a summary of a student's academic status to date and lists the courses to be completed in order to receive a degree. Students can request an official academic audit from the Office of Undergraduate Academic Affairs after they have earned a minimum of 60 semester hours including transfer credit (90 semester hours for Architecture students), and completed at least one semester at Illinois Tech. Audits typically take 7-10 business days to process, but may take longer depending on the time of the semester.

This is the form you need to submit if you want to know what you have left to do to graduate. <https://iit.secure.force.com/form?formid=217960>

Change of Major Request Form: A student who wishes to change or declare a major must complete a Change of Major form. The form will be sent to the department of the intended major for approval. Any change of major that is approved after the Add/Drop deadline will be processed for the following semester. <https://iit.secure.force.com/form?formid=217961>

Change of Status Request Form: Students changing from non-degree status to full-time or part-time degree-seeking status must submit this Change of Status form. Students must have completed at least one semester (12 hours) of relevant coursework at Illinois Tech and must be in good academic standing in order to be eligible for changing their status. <https://iit.secure.force.com/form?formid=217962>

Dual Degree/Double Major Request Form: Students who wish to earn two undergraduate degrees can declare a Dual Degree. Students working towards a Dual Degree must complete 15 hours above and beyond those required for their first degree. Upon graduating, the student will receive two diplomas. (*Psychology is the simplest major to pair with the Bachelor of Information Technology and Management for a dual degree.*)

Students who wish to earn two undergraduate degrees can declare a Double Major. This is different from the Dual Degree listed above. Only students majoring in Applied Analytics, Applied Mathematics, Computer Information Systems, Global Studies, Humanities, and Psychological Science are eligible to declare a Double Major, so this does not apply to students in the Department of Information Technology and Management. Upon graduating, the student will receive one diploma with both degrees posted.

The form will be sent to the department of the intended 2nd major for approval. Any Dual Degree or Double Major that is approved after the Add/Drop deadline will be processed for the following semester. <https://iit.secure.force.com/form?formid=217963>

Letter of Intent Request Form: Students in their last semester can request a Letter of Intent for prospective employers or graduate schools. The Letter of Intent will state that a student will graduate that semester upon successful completion of that semester's coursework.

<https://iit.secure.force.com/form?formid=217966>

Minor Request Form: A minor consists of at least five courses (minimum of 15 credit hours) not required for a degree program. Students who take the standard core curriculum's distribution of courses may apply them toward the requirements of any approved minor. Note that not all minors are applicable to all majors. (Minors are required for Bachelor of Information Technology and Management students unless you are a transfer student or changed majors after completing 30 or more hours.) <https://iit.secure.force.com/form?formid=217964>

Reinstatement Application: All undergraduate students who were not in attendance for at least one semester must submit this application to return to the university. The deadlines for the application are June 15 for the Fall semester, November 15 for the Spring semester or April 15 for the Summer term. <https://iit.secure.force.com/form?formid=217965>

Transfer Credit Petition Form: An undergraduate student registered at Illinois Tech who wishes to enroll at another institution must submit a Transfer Credit Petition Form to the Office of Undergraduate Academic Affairs for approval prior to registration at the other institution. This includes registration at another institution for the summer term. Upon completion of the course, please have your official transcripts sent to Illinois Tech. This is the only effective form now; the paper or PDF form may not be used any more. <https://iit.secure.force.com/form?formid=217932>

Links to all of these forms can always be found on the Undergraduate Academic Affairs UGAA Services page at <https://web.iit.edu/ugaa/services>.
