

General Advising Information

Spring 2025 student registration access will be activated according to your current standing—determined by credit hours completed—and the following schedule:

1. Mon, Nov 4, 8:30am: Student athletes, ROTC students, and students with disabilities
2. Tues, Nov 5, 8:30am: Graduate & U5 (5th Year Undergrad) & U4 (4th Year Undergrad) registration starts
3. Wed, Nov 6, 8:30am: U3 (3rd Year Undergrad) registration starts
4. Thurs, Nov 7, 8:30am: U2 (2nd Year Undergrad) registration starts
5. Fri, Nov 8, 8:30am: U1 (1st Year Undergrad), exchange, visiting, and non-degree student registration starts

Student class standing for registration is based on earned hours, which **does not include** classes taken in the Fall 2021 semester.

Spring and summer 2025 class schedules are officially available Monday October 21. (We will not be advising on summer courses until spring.) You can view the class schedule from the Registration Dashboard in the Student drop-down menu on the main page of portal.iit.edu. You can also use the “secret faculty version” of the schedule, the Course Status Report, at <https://wildfly-prd.iit.edu/coursestatusreport/>; just select your subjects from the drop-down box. In order to see **ALL** ITM courses using drop-down menus, you must hold down your CTRL key and select Information Tech and Mgmt, ITM Development, ITM Management, ITM Operations, ITM Security & ITM Theory and Technology.

All faculty adviser appointments are made using your adviser’s Personal Availability Link for *Navigate 360*.

ITM Department Undergraduate Advisers

See your adviser page in *Navigate 360* at <https://iit.campus.eab.com/> for more details.

Industry Associate Professor Jeremy Hajek	Personal Availability Link: https://iit.campus.eab.com/pal/WAle8ZAcry	Email Address: hajek@iit.edu
Industry Associate Professor James Papademas	Personal Availability Link: https://iit.campus.eab.com/pal/5pMNMx7z48	Email Address: jpapadem@iit.edu
Industry Associate Professor Vasilios “Billy” Pappademetriou	Please make all appointments by email: vpappade@iit.edu	Email Address: vpappade@iit.edu
Associate Teaching Professor Steve Rubinow	Personal Availability Link: https://iit.campus.eab.com/pal/pAUHalOipQ	Email Address: srubinow@iit.edu
Assistant Teaching Professor Barry Speller	Personal Availability Link: https://iit.campus.eab.com/pal/jEBgYatnPk	Email Address: bspeller1@iit.edu
Industry Professor Ray Trygstad	Personal Availability Link: https://iit.campus.eab.com/pal/AhhoU_NPoU	Email Address: trygstad@iit.edu

For Professor Trygstad’s Advisees: This semester I will only advise Applied Cybersecurity and IT undergraduates and BITM/Master of Cyber Forensics and Security co-terminal students. All ITM undergraduates I have advised in the past are being assigned new advisers as noted below. Current advisees may schedule an appointment at https://iit.campus.eab.com/pal/AhhoU_NPoU but *please* ensure you log into the Google Meet or appear at my office at or before your scheduled time in order to be fair to your fellow students. Monday and Tuesday advising is *online only*. All online appointments will be via **Google Meet** at <https://meet.google.com/bjt-cvwh-uib> (Meet Code for mobile apps: [bjt-cvwh-uib](https://meet.google.com/bjt-cvwh-uib)) or by phone at 630-447-9009. I will assume appointments are online unless you appear at my office door. Oh and by the way, I wrote these notes so I am responsible for them.

You cannot make an appointment during my *scheduled office hours* (3 pm – 5 pm Thursday) or on Fridays. **Monday and Tuesday appointments will be via Google meet only. During office hours just come to my office or log into the Meet** and say something so I hear you are there; I may not be on that screen. At other times Wednesday through Friday if my office door is closed, it means I am working or are in meetings and am not available, but if it is open please knock and we can probably do some advising. Evening advising is unlikely but can only be arranged by appointment via email.

Advisee Reassignments – Professor Trygstad’s Advisees are being reassigned as follows:

MATH for BITM Undergrads

BITM first-year students should all register for **MATH 180 Fundamentals of Discrete Math**. BITM students who have completed MATH 180 should take their statistics course. You can register for **BUS 221 Business Statistics** or **MATH 425 Statistical Methods**. Alternatively you can wait for fall and take **PSYC 203** or **MATH 225** which are not being offered in the Spring 2025 semester. **BUS 221** may require a departmental permit from the Director of the Undergraduate Business program, Prof. John Twombly (twombly@iit.edu). If you are not allowed to register for BUS 221, request your permit from Professor Twombly. He will probably not issue any permits until he is sure that all business students who need the class have registered.

MATH for BSACIT Undergrads

First-year students should register for **MATH 151 Calculus I** or **MATH 152 Calculus II** if you have completed **MATH 151**. Upperclass students who have completed the calculus sequence (MATH 151, 152, and 251) should take **MATH 230 Introduction to Discrete Math** or **MATH 474 Probability and Statistics**.

ITM First Year Undergraduate (Freshman) Advising

All ITM first-year students need to take a Natural Science or Engineering elective. Remember that two courses in Natural Science or Engineering must be in the same subject area. Normally we recommend **EG 225 Engineering Graphics for Non-Engineers**, but it is not being offered in the spring semester.

All ITM first-year students should also take a lower-level social or behavioral science elective. Remember that you must take 9 hours of lower-level social or behavioral science and humanities (100/200) but it can be two humanities and one social or behavioral science or two social or behavioral science and one humanities course. Some upper level Social Science courses require completion of a prerequisite in the same area so it may be best to take two lower-level social science classes in different areas and only one lower level humanities course. If you did not take it in the Fall term, first-year students should take a 100/200-level humanities elective, i.e. HUM 20X, or take a lower social or behavioral science elective.

ITM Current Second Year Undergraduate (Sophomore) Advising

Sophomore (U-2) students who entered the program as first year undergraduates (freshmen) need to start thinking about a minor, as completion of a minor is required in the BITM program for students who entered the degree before Fall of 2024. It can be anything you want—we think it's amazing to see someone in IT minor in philosophy—but you really need to start thinking about this. An interesting minor with a strong relationship to ITM is *Supply Chain Management*. Remember also that BITM students may need **BUS 221 Business Statistics**, or **MATH 425 Statistical Methods**, which are only offered in the Spring term—so you should grab one.

Sophomores need to start thinking about a minor, and Computer Science is a popular choice. The following CS minors are available to ITM students:

- Minor in *Artificial Intelligence*
- Minor in *Computer Science*
- Minor in *Programming Languages*
- Minor in *Computer Architecture*
- Minor in *Database Management*
- Minor in *Software Engineering*
- Minor in *Computer Networking*
- Minor in *Operating Systems*

Because of the way the minors in CS are constructed there some good opportunities for ITM students. Since you took ITM 311, CS 201 is waived for you, so you can select another CS elective in its place—more learning! ITM students can use their 12 hours of free electives to complete a double minor in CS, because CS 331 will count toward both minors. But—you have to be committed because CS is not easy. Suggested double minors could be:

- Minors in *Artificial Intelligence* and *Software Engineering*
- Minors in *Operating Systems* and *Software Engineering*
- Minors in *Computer Science* and *Software Engineering*
- Minors in *Programming Languages* and *Software Engineering*

All second year students who have completed ITM 311 and ITM 313 need to take ITMD 411 if you have not done so already.

ITM Current Third Year Undergraduate (Junior) Advising

Junior (U-3) BITM students who entered the program as first year undergraduates (freshmen) should be one or two courses into your minor since completion of a minor is required in your ITM program. If you are not, we *seriously* need to talk. Also, transfer students who have completed a semester at IIT may want to consider entering the Co-Terminal Degree program, which would allow you to earn a Master's degree while you are an undergraduate; speak with your adviser for more details.

ITM Current Fourth/Fifth Year Undergraduate (Senior) Advising

Senior (U-4/U-5) students who are planning to graduate in May 2025 **absolutely** must take **ITMT 430 System Integration** if you have not taken it already. The ITMT 430 lecture is Monday morning at 10am and is live *only*, and labs are Monday at 11:50am or Wednesday at 11:50am or online. Completion of course labs online is **NOT RECOMMENDED**; you will get far more benefit from them in person.

Humanities General Education Elective Selection

Here are the department's recommendations for Upper-Level Humanities General Education electives for Spring 2025 with the reasons. We can't promise a course will be good; we're just trying to highlight the courses we believe would be of the most interest to ITM students. All courses are at Mies Campus, and most sections have 25 seats. Two intersession courses in January are online only, and a Philosophy course is also online. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

Digital Media & Citizenship: Very topical for students in ITM.

29722/COM 380-01/Tues-Thurs 11:25am-12:40pm/25/Mies -/Mohamed El Marzouki

User Experience: UX/Human-Computer Interface from the design and communications perspective.

53809/COM 380-03/Tues-Thurs 10:00am-11:15am/25/Mies -/Warner Rodda

History of Chicago: Interesting topic by an expert in Chicago history. **Online inter-session course which runs 12/31/2024- 1/13/2025**

53328/HIST 353-J01-/25/ Internet -/Mindy Pugh

Chicago LGBTQ History: Another interesting topic by our resident expert in Chicago history.

51998/HIST 354-01/Mon-Wed 5:00pm-6:15pm/25/Mies -/Mindy Pugh

History of Magick & the Occult: Keith Green is a favorite instructor of many ITM students and it's a fun topic

51999/HIST 380-02/Mon-Wed 3:15pm-4:30pm/25/Mies -/Keith Green

Interactive Storytelling: See how electronic and digital media has changed how we convey our stories; has hands-on production projects

53333/HUM 372-01/Mon-Wed 10:00am-11:15am/25/Mies -/Carly Kocurek

History of Video Games: The most popular humanities course in the university from an expert in the field. Has four different discussion sessions on Friday. You'll have to be quick to register to get in this one. **Warning:** This course is a lot of work and has been characterized as a difficult course.
 52880/HIST 373-01/3/Mon-Wed 11:25am-12:00am/80/Mies -/Carly Kocurek (Lecture)
 52881/HIST 373-D01/0/Friday 9:00am-9:50am/20/Mies -/Carly Kocurek (Discussion)
 52882/HIST 373-D02/0/Friday 10:00am-10:50am/20/Mies -/Carly Kocurek (Discussion)
 52883/HIST 373-D02/0/Friday 11:00am-11:50AMm/20/Mies -/Carly Kocurek (Discussion)
 52884/HIST 373-D03/0/Friday 1:00pm-1:50pm/20/Mies -/Carly Kocurek (Discussion)

Introduction to Science Fiction: Good geek-out course! **Online inter-session course which runs 12/31/2024- 1/13/2025**

53335/LIT 306-J01/-/25/Internet -/Gregor Baszak

AI Ethics: Good complement to ITMM 485 which we also offer in the Spring. **And it's online!**

53337/PHIL 381-01/Mon-Wed 8:35am-9:50am/25/Internet -/Elisabeth Hildt

Social and Behavioral Science General Education Elective Selection

Here are recommendations for Social and Behavioral Science General Education electives for Spring 2025 with the reasons. All courses are at the Mies Campus unless noted otherwise. The Subject Code SSCI is applied to courses that formerly were cross-listed as both Political Science and Sociology, and can count as either for prerequisite and subject distribution purposes. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

International Relations: Interesting class taught by a favorite instructor of ITM students.

28984/PS 230-01/Tues-Thurs 3:15pm-4:30pm/27/Mies -/Aleksandar Jankovski

Comparative Public Policy: Another interesting class taught by a favorite of ITM students.

53820/PS 313-01/Tues-Thurs 5:00pm-6:15pm/27/Mies -/Aleksandar Jankovski

Industrial Psychology: This course is highly recommended and professionally relevant. And no prerequisite!

20953 PSYC 301-01/Tues-Thurs 5:00pm-6:15pm/27/Mies -/

20954 PSYC 301-02/Tues-Thurs 1:50pm-3:05pm/50/Mies -/

Introduction to Sports Psychology: Interesting topic and no prerequisite. **Online inter-session course which runs 12/31/2024- 1/13/2025**

53886/PSYC 363-J01/-/35/Internet -/Kelly Kazukauskas

Social Communication: A good social science course taught by possibly the best teacher at Illinois Tech.

53824/SOC 305-01/Wed 6:25pm-9:05pm/27/Mies -/Ullica Segerstrale

WARNING I have not listed it, but you may notice that there are two sections of an online Social/Behavioral Science elective in the spring term: **ECON 423-02/04 Economic Analysis of Capital Investments**. I do not recommend this class either live or online, despite the extreme scarcity of online general education electives. This is because experience has shown that if you take this course and four other classes, ECON 423 will be as much work as your other four classes combined. I like John Twombly who teaches ECON 423 and you probably would too—he is an excellent teacher—but his expectations are extremely high as is the workload in his class. If you really need to do a social science elective online AND you are not afraid of hard work (*really* hard work), then GO FOR IT.

Spring 2025 IIT Core Curriculum Elective Listing, Spring 2025 ITM Course Listing, Spring 2025 CS and INTM Course Listing

We've included a complete list of what we view as all the applicable IIT Core Curriculum courses for the Spring so you don't have to track them all down yourself. We've also included all ITM undergrad and graduate courses, as well as all undergraduate Computer Science (CS) and Industrial Technology and Management (INTM) courses for the Spring. CS courses can apply to any of the several minors offered by the Computer Science Department, and INTM courses can apply to the INTM or Supply Chain minors. Or with adviser permission, CS and/or INTM courses can be taken as ITM electives

Key Forms from Undergraduate Academic Affairs (UGAA)

Academic Audit Request Form: An academic audit provides a summary of a student's academic status to date and lists the courses to be completed in order to receive a degree. Students can request an official academic audit from the Office of Undergraduate Academic Affairs after they have earned a minimum of 60 semester hours including transfer credit (90 semester hours for Architecture students), and completed at least one semester at Illinois Tech. Audits typically take 7-10 business days to process, but may take longer depending on the time of the semester.

This is the form you need to submit if you want to know what you have left to do to graduate. <https://iit.secure.force.com/form?formid=217960>

Change of Major Request Form: A student who wishes to change or declare a major must complete a Change of Major form. The form will be sent to the department of the intended major for approval. Any change of major that is approved after the Add/Drop deadline will be processed for the following semester. <https://iit.secure.force.com/form?formid=217961>

Change of Status Request Form: Students changing from non-degree status to full-time or part-time degree-seeking status must submit this Change of Status form. Students must have completed at least one semester (12 hours) of relevant coursework at Illinois Tech and must be in good academic standing in order to be eligible for changing their status. <https://iit.secure.force.com/form?formid=217962>

Course Repeat for a Grade Exclusion: Undergraduate students may repeat a total of six courses for a grade exclusion, three at the 100 and 200 level and three at the 300 and 400 level. If you do not submit the required form, retaking a course will NOT replace your grade. Courses taken at another institution and transferred in cannot be used to replace a grade for GPA purposes. Grades of C or B can only be replaced with adviser permission. A request to repeat a course for a grade exclusion must be submitted through the Undergraduate Course Repeat for a Grade Exclusion form during registration. Both grades will be recorded on all transcripts issued. Only the second grade will be used to compute the GPA, even if the second grade is lower, except when the second grade is I, R, S, U, W, X, or AU. Full details of the policy are at <https://www.iit.edu/ugaa/services/course-repeat-change-grade> and the form you must submit is at <https://iit.secure.force.com/form?formid=217920>

Dual Degree/Double Major Request Form: Students who wish to earn two undergraduate degrees can declare a Dual Degree. Students working towards a Dual Degree must complete 15 hours above and beyond those required for their first degree. Upon graduating, the student will receive two diplomas. (*Psychology is the simplest major to pair with the Bachelor of Information Technology and Management for a dual degree.*) Students who wish to earn two degrees can declare a Double Major. This is different from the Dual Degree listed above. Only students majoring in Applied Analytics, Applied Mathematics, Computer Information Systems, Global Studies, Humanities, and Psychological Science are eligible to declare a Double Major, so this does not apply to students in the Department of Information Technology and Management. Upon graduating, the student will receive one diploma with both degrees posted.

The form will be sent to the department of the intended 2nd major for approval. Any Dual Degree or Double Major that is approved after the Add/Drop deadline will be processed for the following semester. <https://iit.secure.force.com/form?formid=217963>

Leave of Absence Request: Undergraduate degree-seeking students who wish to withdraw from the university with the intention of returning to complete their degree program may apply for a Leave of Absence. All requests for a Leave of Absence begin with the Office of Undergraduate Academic Affairs, and must be submitted by the class withdrawal deadline, which is posted on the [University Calendar](#). Any Leave of Absence submitted after the deadline will be effective the following semester. Exceptions can be made for students due to special circumstances. A leave of absence must last at least one semester, but cannot exceed one academic year. However it may be extended if the proper documentation is submitted. Students must contact the Office of Undergraduate Academic Affairs to schedule an exit interview before the leave is approved. You will be considered part of the IIT community while on a leave and any IIT scholarships will be held until your return. Contact the Office of Financial Aid to discuss how a Leave of Absence will affect federal aid and scholarships. Students on leave will have access to their MyIIT Portal, as long as they login once every six months. If students elected IIT health insurance, they will not lose coverage for the remainder of the academic year. Students may apply for a Leave of Absence through the Undergraduate Academic Affairs box in the Academics tab in the [MyIIT Portal](#). Students completing a Leave of Absence and returning to register for courses at Illinois Tech must complete a [Reinstatement Application](#) (see below.)

Letter of Intent Request Form: Students in their last semester can request a Letter of Intent for prospective employers or graduate schools. The Letter of Intent will state that a student will graduate that semester upon successful completion of that semester's coursework. <https://iit.secure.force.com/form?formid=217966>

Minor Request Form: A minor consists of at least five courses (minimum of 15 credit hours) not required for a degree program. Students who take the standard core curriculum's distribution of courses may apply them toward the requirements of any approved minor. Note that not all minors are applicable to all majors. (Minors are required for Bachelor of Information Technology and Management students unless you are a transfer student or changed majors after completing 30 or more hours.) Academic Affairs will not know that you are completing a minor and what courses should be included without this form. <https://iit.secure.force.com/form?formid=217964>

Reinstatement Application: All undergraduate students who were not in attendance for at least one semester must submit this application to return to the university. The deadlines for the application are June 15 for the Fall semester, November 15 for the Spring semester or April 15 for the Summer term. <https://iit.secure.force.com/form?formid=217965>

Transfer Credit Petition Form: An undergraduate student registered at Illinois Tech who wishes to enroll at another institution must submit a Transfer Credit Petition Form to the Office of Undergraduate Academic Affairs for approval prior to registration at the other institution. This includes registration at another institution for the summer term. Upon completion of the course, please have your official transcripts sent to Illinois Tech. **This is the only effective form now; the paper or PDF form may not be used any more.** <https://iit.secure.force.com/form?formid=217932>
