Communication and Mass Media Complete	Galvin	Provides access to research journals in communication, technical communication, mass media, and other closely-related fields of study. Offers indexing and abstracts for journals, with full text for 301 journals, as well as a thesaurus and author profiles.	Access restricted to Illinois Tech students, faculty, & staff
Consumer Health Complete	Galvin	Consumer Health Complete is a comprehensive resource for consumer-oriented health content, covering all areas of health and wellness. It also includes the Clinical Reference System and the Lexi-PAL Drug Guide, which provides access to up-to-date drug monographs.	Access restricted to Illinois Tech students, faculty, & staff
Consumer Product Information Database (CPID)	Galvin	Includes chemical ingredients in products and their health effects.	Free or Open Access Resource. Unrestricted public access.
Contrails	Galvin	An online repository of technical reports and documents covering the history of the first century of powered human flight, including the space race in the 1950s and '60s.	Free or Open Access Resource. Unrestricted public access.
Counseling and Therapy in Video	Galvin	Counseling and Therapy in Video provides faculty and students with a first-hand look at the realities of working with clients and the challenges associated with putting theoretical concepts into practice. These collections provide a thorough grounding in dozens of therapeutic methods and diagnoses, insight into the human condition, and training in skills such as reflection and empathy while working with specific populations such as veterans and teens.	Access restricted to Illinois Tech students, faculty, & staff
Country Studies	Galvin	This website contains the online versions of books previously published by the Federal Research Division of the Library of Congress under the Country Studies/Area Handbook Program with 101 countries and regions covered.	Free or Open Access Resource. Unrestricted public access.
CumInCAD	Galvin	CumInCAD is a cumulative index of publications about computer-aided architectural design. It includes bibliographic information about over 8,700 records from journals and conferences such as ACADIA, CAADRIA, eCAADe, SiGraDi, CAAD futures, DDSS and others. All papers include full abstracts. Full texts, in PDF, of some 6,000 papers are also available.public access.	Free or Open Access Resource. Unrestricted public access.
Data Curation Network	Galvin	The Data Curation Network is a membership organization of data repositories and data professionals based at the University of Minnesota. While aimed primarily at data professionals, they have a number of resources for researchers as well, including best practices for preparing data for sharing and online workshops and educational modules.	Free or Open Access Resource. Unrestricted public access.

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Data Repositories on OAD	Galvin	The Open Access Directory (OAD) maintains a list of open data repositories as part o their website. While not searchable, the list is broken out by subject area.	Free or Open Access Resource. Unrestricted public access.
Data Resources at Data..gov	Galvin	Resources.data.gov is an online repository of policies, standards, tools, case studies, and other resources to support data governance, management, exchange, and use.	Free or Open Access Resource. Unrestricted public access.
Data.gov	Galvin	Data.gov is a searchable database of public datasets maintained by the U.S. General Services Administration. In addition to the searchable web interface, there are also a number of free APIs.	Free or Open Access Resource. Unrestricted public access.
David Rumsey Historical Map Collection	Galvin	The David Rumsey Historical Map Collection focuses on rare 18th and 19th century North American and South American maps and other cartographic materials. Historic maps of the World, Europe, Asia, and Africa are also represented.	Free or Open Access Resource. Unrestricted public access.
Digital Library of Mathematical Functions - DLMF	Galvin	The Digital Library of Mathematical Functions (DLMF) is an online project at the National Institute of Standards and Technology (NIST) to develop a major resource of mathematical reference data for special functions and their applications. It is intended as an update of Abramowitz's and Stegun's Handbook of Mathematical Functions.	Free or Open Access Resource. Unrestricted public access.
Directory of Open Access Books (DOAB)	Galvin	DOAB is a community-driven discovery service that indexes and provides access to scholarly, peer-reviewed open access books and helps users to find trusted open access book publishers. All DOAB services are free of charge and all data is freely available.	Free or Open Access Resource. Unrestricted public access.
Dissertations and Theses at IIT	Galvin	Subset of Dissertations and Theses, an online database of doctoral dissertations, featuring work by IIT students. Full-text is available for many items, and ordering/purchasing information is included for those items with no full-text.	Access restricted to Illinois Tech students, faculty, & staff
Diversity & Ethnic Studies	Galvin	This subscription collection includes academic eBooks related to diversity, anti-racism, ethnic studies, disability studies, gerontology & age studies, migration studies, gender and sexuality studies, cultural studies, and religious studies.	Access restricted to Illinois Tech students, faculty, & staff
DMPtool	Galvin	The DMP Tool is an interactive tool for drafting data management plans that walks you through the process of creating a plan for a variety of funding agencies and institutions.	Free or Open Access Resource. Unrestricted public access.
DOAJ (Directory of Open Access Journals)	Galvin	DOAJ is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals. DOAJ can also be used as a "whitelist" by researchers wishing to identify high quality open access journals to publish their research.	Free or Open Access Resource. Unrestricted public access.
DOE Pages	Galvin	The Department of Energy Public Access Gateway for Energy and Science (DOE PAGES) is the DOE discovery tool that makes peer-reviewed scholarly publications resulting from DOE research funding publicly accessible to read, download, and analyze at no charge to users.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
DSM-5 Library	Galvin	Includes: Diagnostic and Statistical Manual of Mental Disorders, 5th edition, DSM-5 Handbook of Differential Diagnosis, DSM-5 Clinical Cases, DSM-5 Handbook on the Cultural Formation Interview, Guia De Consulta De Los Criterios Diagnosticos Del DSM-5	Access restricted to Illinois Tech students, faculty, & staff
DTIC Online: Public Technical Reports	Galvin	The Defense Technical Information Center (DTIC®) serves the DoD community as the largest central resource for DoD and government-funded scientific, technical, engineering, and business related information available today .public access.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech

Online Library Resources

Sorted by library

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
eBook Collection (EBSCOhost)	Galvin	This database contains almost 3,400 electronic books made available through the Illinois Digital Academic Library (IDAL).	Access restricted to Illinois Tech students, faculty, & staff
ECO - Electronic Collections Online	Galvin	Online collection of scholarly journals	Access restricted to Illinois Tech students, faculty, & staff
Eighteenth Century Collections Online	Galvin	Online collection of 150,000 books published during the 18th century, covering the fields of history, literature, religion, law, fine arts, science and more.	Access restricted to Illinois Tech students, faculty, & staff
EMIS - European Mathematical Information Service	Galvin	Portal to a number of excellent resources in mathematics including free literature databases such as Zentralblatt MATH and the Electronic Library of Mathematics.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Engineering Case Studies Online	Galvin	Video and text material focusing on engineering failures and successes. At completion, the collection will contain 250 hours and 50,000 pages of quality documentaries, accident reports, experiments, visualizations, case studies, lectures and interviews from leading engineering institutions around the world.	Access restricted to Illinois Tech students, faculty, & staff
Engineering Technology	Galvin	This website consists of a series of 3D simulations on engineering technology topics. These simulations, developed by e-Learning Company Lucid Way, are approximately from 2-9 minutes long and are used as part of their curriculum to help students quickly and thoroughly grasp the concepts being presented in a visual format.	Free or Open Access Resource. Unrestricted public access.
engrXiv	Galvin	engrXiv (engineering archive) is dedicated to the dissemination of engineering knowledge quickly and efficiently	Free or Open Access Resource. Unrestricted public access.
EnviroMapper	Galvin	Welcome to EnviroMapper for Envirofacts, a single point of access to select U.S. EPA environmental data. This Web site provides access to several EPA databases to provide you with information about environmental activities that may affect air, water, and land anywhere in the United States. With Envirofacts, you can learn more about these environmental activities in your area or you can generate maps of environmental information.	Free or Open Access Resource. Unrestricted public access.
Environmental Studies in Video	Galvin	Films covering all realms of environmental studies, particularly ethics, policy, economics, law, sociology, planning, and environmental science. The collection addresses specific topics including alternative energy, pollution control, eco-design, sustainability, farming and agriculture, the food industry, LEED certification, waste issues, and climate change.	Access restricted to Illinois Tech students, faculty, & staff
EPA Science Inventory	Galvin	This resource is a searchable, agency-wide catalog of more than 4,000 science activities such as research, technical assistance and assessments. The database contains more than 19,000 records in the archives including project descriptions, products produced, types of peer review, links to related work and contacts for additional information. Users can conduct keyword searches or search within nine cross-cutting science topics.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
EPA's National Service Center for Environmental Publications	Galvin	You can search, retrieve, download, print, and order EPA technical, scientific, and educational materials from this site – all free of charge!	Free or Open Access Resource. Unrestricted public access.
ERIC - Education Resources Information Center via EBSCO	Galvin	ERIC, the Education Resource Information Center, provides access to education literature and resources. The database contains more than 1.3 million records and provides access to information from journals included in the Current Index of Journals in Education and Resources in Education Index.	Access restricted to Illinois Tech students, faculty, & staff

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
ERIC - Education Resources Information Center via the U.S. Department of Education	Galvin	ERIC, the Education Resource Information Center, provides access to education literature and resources. The database contains more than 1.3 million records and provides access to information from journals included in the Current Index of Journals in Education and Resources in Education Index.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Ethics Code Collection	Galvin	The Ethics Codes Collection is the largest online repository of ethics codes and guidelines in the world. With over 2500 individual codes and guidelines from over 1500 organizations around the world, including current and historical codes dating to 1887, it is maintained by the Center for the Study of Ethics in the Professions at Illinois Institute of Technology.	Free or Open Access Resource. Unrestricted public access.
Ethnic Diversity Source	Galvin	Ethnic Diversity Source is a dedicated resource covering the culture, traditions, social treatment and lived experiences of different ethnic groups in America. It provides full text from a growing list of sources including peer-reviewed journals, magazines, newspapers, e-books, biographies and primary source documents.	Access restricted to Illinois Tech students, faculty, & staff
European Patent Office	Galvin	The European Patent Office online database of international patents from the United States, United Kingdom, Germany, and Japan, among others.	Free or Open Access Resource. Unrestricted public access.
ezDMP	Galvin	ezDMP is a free web-based tool for creating DMPs specific to a subset of NSF funding requirements.public access.	Free or Open Access Resource. Unrestricted public access.
Federal Highway Administration (FHWA)	Galvin	Search FHWA technical reports and publications, as well as highway data and statistics from Federal, State, and local partners.	Free or Open Access Resource. Unrestricted public access.
Federal Railroad Administration (FRA) eLibrary	Galvin	Reports and regulations concerning intermodal transportation.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Free Tech Books	Galvin	Database of free and open access textbooks, lecture notes, and other ancillaries on topics like Computer Science, Programming, Mathematics, and related subjects.	Free or Open Access Resource. Unrestricted public access.
Funk & Wagnalls New World Enyclopedia	Galvin	Online version of the popular encyclopedia, featuring over 25,000 entries, covering a broad array of topics.public access.	Access restricted to Illinois Tech students, faculty, & staff
Gale Ebooks	Galvin	A collection of electronic reference books on a variety of topics. Includes encyclopedia entries for arts, business, environment, history, religion, science and technology, as well as general reference topics. A good place to get a basic overview of a topic. A database of encyclopedias, almanacs, and specialized reference sources. Fully searchable across all files.	Access restricted to Illinois Tech students, faculty, & staff
GenBank	Galvin	GenBank is the National Institute of Health (NIH) genetic sequence database, an annotated collection of all publicly available DNA sequences.	Free or Open Access Resource. Unrestricted public access.
Getty Art & Architecture Thesaurus (AAT) Online	Galvin	The AAT is a structured vocabulary relating to architecture, fine arts, and related topics. Useful in defining the best term for a search, related topics, and the history of a term's use. Should one search for Brutalist, Brutalism, or Neo-Brutalist? Find the answer in the AAT.	Free or Open Access Resource. Unrestricted public access.
Getty Thesaurus of Geographic Names	Galvin	Hierarchical thesaurus of nearly 900,000 places. The TGN provides vernacular and English names of places, variant names in other languages, and whenever possible, historical names. The record for a place may also contain geographical coordinates, dates, and notes.	Free or Open Access Resource. Unrestricted public access.

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Glossary of Genetic Terms	Galvin	Glossary of Genetic Terms	Free or Open Access Resource. Unrestricted public access.
Google Book Search	Galvin	Google Book Search allows you to search the full text of books that have been scanned and digitized by Google or the publisher. If the book is in the public domain, a PDF copy may be downloaded.	Free to search. Full-text content likely to be paywalled or restricted to
Google Dataset search	Galvin	Google Dataset Search is a search engine for datasets. Using a simple keyword search, users can discover freely available datasets hosted in thousands of open access repositories across the Web.	Free or Open Access Resource. Unrestricted public access.
Google News Archive Search	Galvin	Search historical archives of newspapers and other news sources	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Google Patent Search	Galvin	Google Patent Search offers full-text searching of the entire U.S. patent corpus.	Free or Open Access Resource. Unrestricted public access.
Google Scholar	Galvin	Google Scholar provides a simple way to broadly search for scholarly literature.	Free to search. Full-text content likely to be paywalled or restricted to
GPO - U.S. Government Publishing Office	Galvin	This database of government publications covers all types of U.S. government documents, including Congressional reports, hearings, debates, and records; judiciary materials; and documents issued by executive departments (Defense, State, Labor, Office of the President, etc.).	Free or Open Access Resource. Unrestricted public access.
GrantForward	Galvin	The GrantForward (formerly IRIS) Database currently contains over 9,000 active federal and private funding opportunities in the sciences, social sciences, arts, and humanities. The database also contains fellowships and scholarships for students.	Access restricted to Illinois Tech students, faculty, & staff
GRC Theses List	Galvin	This spreadsheet includes information on the authors, titles, and dates of publication of theses written by graduates of the College of Architecture at IIT.	Free to search. Full-text content likely to be paywalled or restricted to Illinois Tech
GreenFILE	Galvin	GreenFILE offers information covering all aspects of human impact to the environment. Its collection of scholarly, government and general-interest titles includes content on global warming, green building, pollution, sustainable agriculture, renewable energy and recycling.public access.	Access restricted to Illinois Tech students, faculty, & staff
Harper's Weekly	Galvin	Online archive of issues of Harper's Weekly, one of America's leading 19th-century illustrated newspapers. Access is available from 1857-1912.	Access restricted to Illinois Tech students, faculty, & staff
Harvard Business Review	Galvin	The popular management journal from Harvard University. Includes both articles and case studies.	Access restricted to Illinois Tech students, faculty, & staff
Health Source - Consumer Edition	Galvin	This database provides information on many health topics including the medical sciences, food sciences and nutrition, childcare, sports medicine and general health. It provides access to nearly 80 consumer health magazines.	Access restricted to Illinois Tech students, faculty, & staff

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Health Source - Nursing/Academic Edition	Galvin	Alternate Name(s): Medicine, health, pharmacology	Access restricted to Illinois Tech students, faculty, & staff
Historical Statistics of the United States	Galvin	Historical Statistics of the United States is an online database of statistics, tables, charts, and other quantitative data covering the history of the United States. Census data from 1790 to 2000 is the source for the data.	Access restricted to Illinois Tech students, faculty, & staff
History of Science, Technology, and Medicine	Galvin	This database indexes journal articles, conference proceedings, books, book reviews, and dissertations in the history of science, technology, and medicine and allied historical fields.public access.	Access restricted to Illinois Tech students, faculty, & staff
IAEA Publications	Galvin	Alternate Name(s): International Atomic Energy Agency	Free or Open Access Resource. Unrestricted public access.
ICON: International Coalition on Newspapers	Galvin	International directory of digital newspaper collections. It is a freely accessible electronic resource intended to provide reliable information on newspapers published outside of the United States.	Free or Open Access Resource. Unrestricted public access.
ICRP Publications	Galvin	Thanks to the many supporters of the Free the Annals Initiative in 2018 as part of ICRP's 90th Anniversary celebrations, all issues of Annals of the ICRP, and the ICRP and IXRPC reports issued before this, are free to access other than the current and two most recent volumes. Those who need access to the latest ICRP recommendations access them from SAGE Journals Online.	Free or Open Access Resource. Unrestricted public access.
IEEE Standards - Institute of Electrical and Electronics Engineers	Galvin	Online access to standards published by the Institute of Electrical and Electronics Engineers. Search by standard number, keyword, or industry.	Access restricted to Illinois Tech students, faculty, & staff
IEEE Xplore - Institute of Electrical and Electronics Engineers	Galvin	IEEE Xplore is a database providing access to cutting-edge technical literature in electrical engineering, computer science, and related fields. It offers full-text access to millions of documents from IEEE journals, conferences, standards, and other publications, making it an invaluable resource for engineers, researchers, and students seeking the latest advancements in technology and applied sciences.	Access restricted to Illinois Tech students, faculty, & staff
IETF - Internet Engineering Task Force	Galvin	The Internet Engineering Task Force (IETF) is an open standards organization, which develops and promotes voluntary Internet standards, in particular the standards that comprise the Internet protocol suite (TCP/IP). It has no formal membership roster or membership requirements. All participants and managers are volunteers, though their work is usually funded by their employers or sponsors.	Free or Open Access Resource. Unrestricted public access.
iFixit: The Free Repair Manual	Galvin	iFixit is a wiki-based site located in the United States that teaches people how to fix almost anything. Anyone can create a repair manual for a device, and anyone can also edit the existing set of manuals to improve them. Our site empowers individuals to share their technical knowledge with the rest of the world. It currently has about 75,000 repair guides available.	Free or Open Access Resource. Unrestricted public access.
Illinois Compiled Statutes	Galvin	Database of Illinois Statutes, maintained by the Legislative Reference Bureau	Free or Open Access Resource. Unrestricted public access.

Online Library Resources
Sorted by library

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Illinois Natural Resources Geospatial Data Clearinghouse	Galvin	Access Illinois GIS data sets and documentation (metadata) for ArcIMS Interactive Map Services, USGS digital topographic maps, aerial photography, orthoimagery, orthophotography, geology, land use, natural resources, and infrastructure. Illinois data sets and map data layers are available for download free of charge.	Free or Open Access Resource. Unrestricted public access.
Illinois Tech Library Catalog	Galvin	The library catalog searches through all of Illinois Tech's physical library holdings and hundreds of thousands of digital titles available through our databases and digital collections. Sign in to your Illinois Tech Library account to access all available materials and review your current loans, requests, fees, blocks, messages, and other personal details.	Free to search. Full-text content likely to be paywalled or restricted to Illinois Tech
Independent Voices	Galvin	Independent Voices is an open access digital collection of alternative press newspapers, magazines and journals, drawn from the special collections of participating libraries. These periodicals were produced by feminists, dissident GIs, campus radicals, Native Americans, anti-war activists, Black Power advocates, Hispanics, LGBT activists, the extreme right-wing press and alternative literary magazines during the latter half of the 20th century.	Free or Open Access Resource. Unrestricted public access.
Information Please Almanac	Galvin	Online version of the popular almanac. Information Please has been providing authoritative answers to all kinds of factual questions since 1938 -- first as a popular radio quiz show, then starting in 1947 as an annual almanac, and since 1998 on the Internet.	Free or Open Access Resource. Unrestricted public access.
INIS - International Nuclear Information System	Galvin	The International Nuclear Information System (INIS) hosts one of the world's largest collections of published information on the peaceful uses of nuclear science and technology. The INIS Repository contains bibliographic references and full-text documents of conventional and non-conventional literature, including scientific and technical reports, conference proceedings, patents and theses.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Instructables	Galvin	Instructables is a website specializing in user-created and uploaded do-it-yourself projects.	Free or Open Access Resource. Unrestricted public access.
IOP - Institute of Physics Journals	Galvin	IOP is one of the leading publishers in physics and provides a search for over 50 journals. Contains many subjects within and outside of physics including astrophysics, mathematics, atomic physics, nuclear physics, and earth science.	Access restricted to Illinois Tech students, faculty, & staff
IQS (Industrial Quick Search) Directory	Galvin	IQS Directory is a FREE, comprehensive listing of manufacturers and suppliers serving major segments of the OEM industrial manufacturing marketplace across the United States and Canada. Industrial engineers and buyers rely on IQS Directory to specify products within a series of categories and buy products directly from manufacturers.	Free or Open Access Resource. Unrestricted public access.
I-Share Catalog	Galvin	Search and request physical items from the collections of dozens of academic libraries in Illinois.	Free to search. Full-text content likely to be paywalled or restricted to Illinois Tech
JSTOR	Galvin	JSTOR is a database offering access to a large collection of academic journals, books, images, and primary sources across multiple disciplines. It provides researchers, students, and scholars with full-text access to archival and current content from various fields including humanities, social sciences, and sciences, making it a crucial resource for literature reviews and historical research.	Access restricted to Illinois Tech students, faculty, & staff
LearningEdge Cases (MIT Sloan)	Galvin	The teaching business case studies available on LearningEdge, which fall under the headings of entrepreneurship, leadership/ethics, operations management, strategy, sustainability, and system dynamics, are narratives that facilitate class discussion about a particular business or management issue. Teaching cases are meant to spur debate among students rather than promote a particular point of view or steer students in a specific direction.	Free or Open Access Resource. Unrestricted public access.

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
LGBT Studies in Video	Galvin	LGBT Studies in Video is a cinematic survey of the lives of lesbian, gay, bisexual, and transgender people as well as the cultural and political evolution of the LGBT community. This first-of-its-kind collection features award-winning documentaries, interviews, archival footage, and select feature films exploring LGBT history, gay culture and subcultures, civil rights, marriage equality, LGBT families, AIDS, transgender issues, religious perspectives on homosexuality, global comparative experiences, and other topics.	Access restricted to Illinois Tech students, faculty, & staff
LGBTQ+ Source	Galvin	LGBTQ+ Source contains all of the content available in LGBT Life as well as full text for more than 140 of the most important and historically significant LGBTQ+ journals, magazines and regional newspapers, plus full text for 150 monographs/books. The database includes comprehensive indexing and abstract coverage as well as a specialized LGBTQ+ Thesaurus containing over 10,000 terms.	Access restricted to Illinois Tech students, faculty, & staff
Library of Congress Digital Collections	Galvin	Digital collections, including the American Memory project from the Library of Congress include written and spoken words, sound recordings, still and moving images, prints, maps, and sheet music that document the American experience.	Free or Open Access Resource. Unrestricted public access.
LibreTexts	Galvin	The LibreTexts mission is to unite students, faculty, and scholars in a cooperative effort to develop an easy-to-use online platform for the construction, customization, and dissemination of OERs to reduce the burdens of unreasonable textbook costs to our students and society.	Free or Open Access Resource. Unrestricted public access.
Liebert Online	Galvin	Online access to journals published by Mary Ann Liebert, Inc.	Access restricted to Illinois Tech students, faculty, & staff
LISTA -Library, Information Science and Technology Abstracts	Galvin	Library, Information Science and Technology Abstracts (LISTA) indexes more than 500 core journals, more than 50 priority journals, and 125 selective journals; plus books, research reports and proceedings covering librarianship, classification, cataloging, bibliometrics, online information retrieval, information management and more. Coverage in the database extends back as far as the mid-1960s.public access.	Access restricted to Illinois Tech students, faculty, & staff
MADCAD	Galvin	MADCAD is a reference database, containing building codes, knowledge-based design solutions, and guidelines to meet the codes. MADCAD will provide you access to cross-referenced collections of building, electrical, mechanical, plumbing, fire, and maintenance codes.	Access restricted to Illinois Tech students, faculty, & staff
Making of Modern Law: Legal Treatises 1800-1926	Galvin	Provides digital images on every page of 22,000 legal treatises on U.S. and British law published from 1800 through 1926. Full-text searching on more than 10 million pages is available.	Access restricted to Illinois Tech students, faculty, & staff
Mango Languages	Galvin	Learn everyday greetings, gratitudes, goodbyes and helpful phrases in a short period of time. The courses are currently available in more than 20 foreign languages and more than 12 English as a Second Language (ESL) courses, all of which can be accessed from off-campus. You can access lessons from your computer, or download iPhone or Android app.	Access restricted to Illinois Tech students, faculty, & staff
MarketLine/Medtrack Company Profiles	Galvin	Detailed company information, including company history, key employees, top competitors and SWOT analysis.	Access restricted to Illinois Tech students, faculty, & staff
MarketResearch.com Academic	Galvin	Provides market intelligence on consumer demographics, market size and growth trends, industry forces and structure, product trends, competitive environment analysis, and company profiles.	Access restricted to Illinois Tech students, faculty, & staff
MAS Ultra – School Edition	Galvin	Designed specifically for high school libraries, this database contains full text for nearly 500 popular high school magazines, full text reference books, biographies, primary source documents, and an Image Collection of photos, maps and flags, and color PDFs.	Access restricted to Illinois Tech students, faculty, & staff
Mason OER Metafinder (MOM)	Galvin	The Mason OER Metafinder allows you to simultaneously search across the multiple OER repositories (e.g., MERLOT II, OAOpen.org, OER Commons, OpenStax CNX, etc.) as well as many open archival repositories (e.g. HathiTrust, Internet Archive, Project Gutenberg, etc.).	Free or Open Access Resource. Unrestricted public access.
MasterFILE Premier	Galvin	Designed specifically for public libraries, this multidisciplinary database provides full text for nearly 1,700 periodicals, 500 reference books and over 164,400 primary source documents, as well as an Image Collection of over 592,000 photos, maps and flags.	Access restricted to Illinois Tech students, faculty, & staff

Online Library Resources
Sorted by library

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
MathSciNet	Galvin	Provided by the American Mathematical Society, MathSciNet is a searchable database of the world's scholarly mathematical literature since 1940, including reviews, abstracts and bibliographic information. To access off-campus, please use this link.	Access restricted to Illinois Tech students, faculty, & staff
MatWeb - Material Property Data	Galvin	MatWeb is a searchable database of more than 135,000 manufactured materials including physical properties, composition, trade names, manufacturers, and other information.	Free or Open Access Resource. Unrestricted public access.
MEDLINE	Galvin	Database of research covering all areas of medicine, health care, and pharmacology.	Access restricted to Illinois Tech students, faculty, & staff
MEDLINE Plus	Galvin	MedlinePlus brings together health information from NLM, the National Institutes of Health (NIH), and other government agencies and health-related organizations. Pre-formulated MEDLINE searches are included in MedlinePlus and give access to medical journal articles.	Free or Open Access Resource. Unrestricted public access.
medRxiv	Galvin	medRxiv (pronounced "med-archive") is a free online archive and distribution server for complete but unpublished manuscripts (preprints) in the medical, clinical, and related health sciences. Preprints are preliminary reports of work that have not been certified by peer review. They should not be relied on to guide clinical practice or health-related behavior and should not be reported in news media as established information.	Free or Open Access Resource. Unrestricted public access.
Mergent Intellect	Galvin	Mergent Intellect provides basic company facts on over 20 million North American companies and over 70 million global companies. Mergent Intellect provides essentially the same information as Hoovers Online using data from Hoovers and Dun and Bradstreet but with additional downloading capabilities not available through Hoovers Online.	Access restricted to Illinois Tech students, faculty, & staff
Merlot	Galvin	The MERLOT system provides access to curated online learning and support materials and content creation tools, led by an international community of educators, learners and researchers.	Free or Open Access Resource. Unrestricted public access.
Merriam-Webster Online	Galvin	Online version of this essential dictionary	Free or Open Access Resource. Unrestricted public access.
Military & Government Collection	Galvin	Designed to offer current news pertaining to all branches of the military and government, this database offers a thorough collection of periodicals, academic journals, and other content. The Military & Government Collection provides full text for nearly 300 journals and periodicals as well as indexing and abstracts for more than 400 titles.	Access restricted to Illinois Tech students, faculty, & staff
MIT Open Coursware (OCW)	Galvin	MIT OpenCourseWare (OCW) is a web-based publication of virtually all MIT course content. OCW is open and available to the world and is a permanent MIT activity.	Free or Open Access Resource. Unrestricted public access.
MIT Press Direct	Galvin	MIT Press Direct is the best way for libraries to offer MIT Press eBooks to their patrons. Key subject areas covered in the complete collection include art and architecture, biomedical sciences, business and finance, computer science, cognitive science, design, education, environment, game studies, humanities, information science, linguistics, neuroscience, new media, philosophy, and social sciences.public access.	Access restricted to Illinois Tech students, faculty, & staff
NASA STI Repository (NTRS)	Galvin	The NASA Technical Reports Server (NTRS) covers the complete history of NASA and its predecessor, the National Advisory Committee on Aeronautics (NACA), from 1915 to forward.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
National Academies Press	Galvin	The National Academies Press (NAP) publishes the reports of the National Academies of Sciences, Engineering, and Medicine. The NAP publishes more than 200 books a year on a wide range of topics in science, engineering, and medicine, providing authoritative, independently-researched information on important matters in science and health policy.	Free or Open Access Resource. Unrestricted public access.
National Geographical MapMaker	Galvin	Satellite photos, street maps, and more	Free or Open Access Resource. Unrestricted public access.
National Highway Traffic Safety Administration	Galvin	The NHTSA hosts important safety information and traffic information.	Free or Open Access Resource. Unrestricted public access.
National Institute of Standards and Technology (NIST) Free Standard Reference Data (SRD)	Galvin	NIST produces the Nation's Standard Reference Data (SRD). These data are assessed by experts and are trustworthy such that people can use the data with confidence and base significant decisions on the data. NIST provides 49 free SRD databases and 41 fee-based SRD databases. SRD must be compliant with rigorous critical evaluation criteria.	Free or Open Access Resource. Unrestricted public access.
National Institute of Standards and Technology (NIST) X-ray Transition Energies Database	Galvin	This database was published in Reviews of Modern Physics, January 2003 in an article titled "X-ray transition energies: new approach to a comprehensive evaluation."	Free or Open Access Resource. Unrestricted public access.
National Institute of Standards and Technology Chemistry WebBook	Galvin	Alternate Name(s): NIST	Free or Open Access Resource. Unrestricted public access.
National Institutes of Health Data Sharing Resources	Galvin	To help researchers locate an appropriate resource for sharing their data, as well as to promote awareness of resources where datasets can be located for reuse, BMIC maintains lists of several types of data sharing resources	Free or Open Access Resource. Unrestricted public access.
National Map Viewer	Galvin	Find U.S. topographic and elevation data	Free or Open Access Resource. Unrestricted public access.
National Science Foundation Public Access Repository (NSF-PAR)	Galvin	The NSF Public Access Repository (NSF-PAR) provides mechanisms that enable NSF-funded investigators to meet the deposit requirement and to include the relevant information in their project reports	Free or Open Access Resource. Unrestricted public access.
NBER - National Bureau of Ecomonic Research Working Papers	Galvin	Database of reports, papers, and other publications produced by the National Bureau of Economic Research -- a private, nonprofit, nonpartisan research organization.	Free or Open Access Resource. Unrestricted public access.
NCBI - National Center for Biotechnology Information	Galvin	The National Center for Biotechnology Information advances science and health by providing access to biomedical and genomic information.	Free or Open Access Resource. Unrestricted public access.
New York Times	Galvin	The New York Times is an American newspaper based in New York City with worldwide influence and readership. Founded in 1851, the paper has won 125 Pulitzer Prizes, more than any other newspaper. The New York Times is ranked 17th in the world by circulation	Access restricted to Illinois Tech students, faculty, & staff
Newspaper Source Plus	Galvin	Newspaper Source provides full text for many international and regional newspapers. In addition, television and radio news transcripts are also provided.	Access restricted to Illinois Tech students, faculty, & staff
NIH Data Management & Sharing Plans	Galvin	Learn what NIH expects Data Management & Sharing plans to address. This page includes sample DMPs and a template or format.	Free or Open Access Resource. Unrestricted public access.

Online Library Resources

Sorted by library

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
NIH Scientific Data Sharing	Galvin	This NIH website offers extensive information on the NIH's data sharing and data management policies.	Free or Open Access Resource. Unrestricted public access.
NIST Research Data Framework (RDaF)	Galvin	The Research Data Framework (RDaF) is a structured approach to managing research data developed by the NIST. As of early 2023, the document is in a preliminary state f development. The website linked here contains information on NIST's project, presentations, links to the documents, and guides on how to become involved.	Free or Open Access Resource. Unrestricted public access.
Noba Project	Galvin	This Psychology OER offers several individual modules for different topics, as well as a fully constructed introductory text.	Free or Open Access Resource. Unrestricted public access.
NTRL- National Technical Reports Library	Galvin	The NTRL fills a recognized void in access to a large collection of historical and current government technical reports that exists in many academic, public, government, and corporate libraries. Through NTRL, NTIS provides a comprehensive offering that delivers high-quality government technical content in all subject areas directly and seamlessly to the user's desktop.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Nucleic Acids Abstract	Galvin	Covers research on cloning and gene regulatory sequences.	Access restricted to Illinois Tech students, faculty, & staff
NuDat 2	Galvin	Using NuDat 2, it is possible to search for nuclear level properties (energy, half-life, spin-parity), gamma-ray information (energy, intensity, multipolarity, coincidences), radiation information following nuclear decay (energy, intensity, dose), and neutron-induced reaction data from the ENDF/B-VII.0 library (thermal cross section and fission yields).	Free or Open Access Resource. Unrestricted public access.
Numdam, the French digital mathematics library	Galvin	Numdan is a searchable database of full-text mathematical research documents: journal articles, seminar and conference proceedings, books and monographs, doctoral theses. While a large part of the content has been digitized starting first known issue from paper volumes, Numdan also acquires newer content that is made freely downloadable after a variable embargo period.	Free or Open Access Resource. Unrestricted public access.
NYPL Digital Gallery	Galvin	NYPL Digital Gallery provides access to over 600,000 images digitized from primary sources and printed rarities in the collections of The New York Public Library, including illuminated manuscripts, historical maps, vintage posters, rare prints and photographs, illustrated books, printed ephemera, and more.public access.	Free or Open Access Resource. Unrestricted public access.
OAIster	Galvin	OAIster is a searchable online catalog of digital resources, including digitized (i.e., scanned) books and articles, born-digital texts, audio files (e.g., wav, mp3), images (e.g., tiff, gif), movies (e.g., mp4, quicktime), and datasets (e.g., downloadable statistics files).	Access restricted to Illinois Tech students, faculty, & staff
Octopart	Galvin	Octopart is a search engine for electronic components and industrial products. It includes a Common Parts Library, which is a set of commonly used electronic components for prototyping, designing, and manufacturing connected devices	Free or Open Access Resource. Unrestricted public access.
OER Commons	Galvin	OER Commons is a collection of free open educational resources, such as recorded class lectures, exercises, and document spanning all subjects and all age groups from preschool through college-level.	Free or Open Access Resource. Unrestricted public access.
Open Access Directory (OAD)	Galvin	The Open Access Directory (OAD) is a compendium of simple factual lists about open access (OA) to science and scholarship, maintained by the OA community at large. By bringing many OA-related lists together in one place, OAD makes it easier for everyone to discover them, use them for reference, and update them.	Free or Open Access Resource. Unrestricted public access.

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Open Course Library	Galvin	The Open Course Library (OCL) is a collection of shareable course materials, including syllabi, course activities, readings, and assessments designed by teams of college faculty, instructional designers, librarians, and other experts. Some of our materials (also called open educational resources, or OER) are paired with low cost textbooks ($30 or less). Many of the courses can be taught at no cost to students. Unless otherwise noted, all materials are shared under a Creative Commons (CC BY) license.OCL courses and materials have undergone testing for accessibility and have been designed using the industry-standard Quality Matters (QM) rubric for assessing the quality of online courses.	Free or Open Access Resource. Unrestricted public access.
Open Data Handbook	Galvin	The Open Data Handbook provides useful guides, case studies, and other resources to help researchers better understand open data and data management.	Free or Open Access Resource. Unrestricted public access.
Open Geography	Galvin	This website is dedicated to providing free, open curricula and resources to anybody who is interested in our geographic world. Using the world as our contributors and content experts, we will strive to make the most engaging, dynamic, and relevant information possible.	Free or Open Access Resource. Unrestricted public access.
Open Library	Galvin	The eCampusOntario Open Library provides educators and learners with access to more than 500 free and openly-licensed educational resources.	Free or Open Access Resource. Unrestricted public access.
Open Michigan	Galvin	This is a collection of open educational resources (OER) from University of Michigan. It includes a range of course materials, videos, lectures, student work and more. Nearly all of the content here is openly licensed for reuse under Creative Commons.	Free or Open Access Resource. Unrestricted public access.
**Open Science	UNESCO**	Galvin	UNESCO is a world leader in developing an international framework for open science / open scholarship policy. Their website provides a wealth of information on open science / open scholarship as well as a toolkit to support the implementation of their recommendations.	Free or Open Access Resource. Unrestricted public access.
Open Science Training Handbook	Galvin	The Open Science Training Handbook offers guidance and resources on Open Scholarship or Open Science for researchers, administrators, students, or anyone else interested in improving levels of transparency and participation in research practices.	Free or Open Access Resource. Unrestricted public access.
Open Textbook Library	Galvin	Launched by the University of Minnesota, the Open Textbook Library hosts a large collection of openly licensed, peer-reviewed textbooks in all subject areas.	Free or Open Access Resource. Unrestricted public access.
Open Textbooks for Engineering	Galvin	This is a browsable list of open textbooks in engineering compiled by the Engineering Libraries Division (ELD) of the American Society for Engineering Education. It is organized by engineering discipline.	Free or Open Access Resource. Unrestricted public access.
Open Yale Courses	Galvin	Open Yale Courses (OYC) provides lectures and other materials from selected Yale College courses to the public free of charge via the Internet. The courses span the full range of liberal arts disciplines, including humanities, social sciences, and physical and biological sciences.	Free or Open Access Resource. Unrestricted public access.
Open-Access Text Archive	Galvin	This site features a wide selection of e-books that have been contributed from publishers, universities, and individuals. Most of the texts are in DJVU or PDF format. Free to read, download, and print.	Free or Open Access Resource. Unrestricted public access.
OpenDOAR (Directory of Open Access Repositories)	Galvin	OpenDOAR is the quality-assured, global Directory of Open Access Repositories. We host repositories that provide free, open access to academic outputs and resources. Each repository record within OpenDOAR has been carefully reviewed and processed by a member of our editorial team which enables us to offer a trusted service for the community.	Free or Open Access Resource. Unrestricted public access.

Online Library Resources

Sorted by library

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
OpenLearn	Galvin	OpenLearn is a free learning platform, delivered by The Open University (UK) as part of its Royal Charter commitment to support the wellbeing of the community. It includes more than 900 short courses; thousands of articles, quizzes and interactive games; hundreds of videos and audios, ranging from Greek history to modern-day politics, and everything in between; and printed posters and booklets made for TV & radio programmes co-produced with the BBC.	Free or Open Access Resource. Unrestricted public access.
Openly Available Sources Integrated Search (OASIS)	Galvin	OASIS is a search tool that aims to make the discovery of open content easier. OASIS currently searches open content from 117 different sources and contains 388,707 records. OASIS is being developed at SUNY Geneseo's Milne Library.	Free or Open Access Resource. Unrestricted public access.
OpenStax	Galvin	Rice University's resource which contains peer-reviewed open textbooks in science, math, business, and the social sciences.	Free or Open Access Resource. Unrestricted public access.
Optics InfoBase	Galvin	InfoBase is the Optical Society of America's online repository of both current and past volumes of all its journals (citations only, no full-text). It also contains recent proceedings from OSA conferences.	Access restricted to Illinois Tech students, faculty, & staff
Organic Syntheses	Galvin	Since 1921, Organic Syntheses has provided the chemistry community with detailed, reliable, and carefully checked procedures for the synthesis of organic compounds. Some procedures describe practical methods for the preparation of specific compounds of interest, while other procedures illustrate important synthetic methods with general utility. Each procedure is written in considerably more detail as compared to typical experimental procedures in other journals, and each reaction with its characterization data has been repeated several times and carefully "checked" for reproducibility in the laboratory of a member of the Board of Editors.	Free or Open Access Resource. Unrestricted public access.
OSTI.GOV	Galvin	Free public access to over 200,000 full-text documents and bibliographic citations of Department of Energy (DOE) research report literature.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Oxford English Dictionary	Galvin	Online edition of the definitive dictionary of the English language	Access restricted to Illinois Tech students, faculty, & staff
Oxford University Podcasts	Galvin	This free site features public lectures, teaching material, interviews with leading academics, and much more. All the material is arranged within a series of related talks or lectures and may be in audio, video or document format.public access.	Free or Open Access Resource. Unrestricted public access.
Papers First	Galvin	An index of papers presented at conferences. Includes every congress, conference, exposition, workshop, symposium, and meeting received at the British Library.	Access restricted to Illinois Tech students, faculty, & staff
PATENTSCOPE	Galvin	PATENTSCOPE is a searchable database 84 million worldwide patent documents including 3.8 million published international patent applications (PCT). Be signing up for a FREE account, users are able to search chemical patents by structure and have access to PATENTSCOPE's cutting edge translation tools for accessing patents in other languages. PATENTSCOPE is a service of WIPO, the World Intellectual Property Organization, an agency of the United Nations.	Free or Open Access Resource. Unrestricted public access.
PhET	Galvin	Founded in 2002 by Nobel Laureate Carl Wieman, the PhET Interactive Simulations project at the University of Colorado Boulder creates free interactive math and science simulations. PhET sims are based on extensive education research and engage students through an intuitive, game-like environment where students learn through exploration and discovery.	Free or Open Access Resource. Unrestricted public access.
Philosopher's Index	Galvin	Philosopher's Index covers all major fields of philosophy. This resource contains citation information and author-written abstracts for journal articles, books, contributions to anthologies, and book reviews.	Access restricted to Illinois Tech students, faculty, & staff

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
PLoS - Public Liibrary of Science	Galvin	Online repository of open-access scientific journals published by Public Library of Science (PLoS), a nonprofit organization of scientists and physicians committed to making the world's scientific and medical literature a freely available public resource.	Free or Open Access Resource. Unrestricted public access.
Policy Commons	Galvin	A one-stop community platform for objective, fact-based research from the world's leading policy experts, nonpartisan think tanks, IGOs and NGOs.	Access restricted to Illinois Tech students, faculty, & staff
Preprint Citation Index	Galvin	Discover preprints for key research articles ahead of the formal publication in a journal from a range of international selected and evaluated preprint repositories in the sciences, social sciences and arts & humanities	Access restricted to Illinois Tech students, faculty, & staff
Primary Search	Galvin	Primary Search provides full text for more than 70 magazines for elementary school research. All full text articles included in the database are assigned a reading level indicator (Lexiles).	Access restricted to Illinois Tech students, faculty, & staff
PrivCo	Galvin	PrivCo is a source for business and financial research on major privately-held companies (MPCs). It combines financial analysis, editorials, market research, and PrivCo's data technology for over 400,000 private companies in the United States.	Access restricted to Illinois Tech students, faculty, & staff
Proceedings Index	Galvin	Index of worldwide conference proceedings. Covers every published congress, symposium, conference, exposition, workshop and meeting received by The British Library Document Supply Centre.	Access restricted to Illinois Tech students, faculty, & staff
Professional Development Collection	Galvin	Designed for professional educators, this database provides a collection of nearly 520 education journals, including peer-reviewed titles and educational reports.	Access restricted to Illinois Tech students, faculty, & staff
Project Euclid	Galvin	Project Euclid is a partnership of independent publishers of journals, monographs, and conference proceedings in theoretical and applied mathematics and statistics. Some of the publications are open access, while a majority of the sources are partially open, and a few are for subscribers only.	Free to search. Full-text content likely to be paywalled or restricted to Illinois Tech
Project Gutenberg	Galvin	Project Gutenberg Consortia Center's provides access to over 60,000 e-books. You won't find the latest best sellers or modern computer books at Project Gutenberg, but it does contain works that are in the public domain including classics of literature from authors such as Shakespeare, Poe, Dante, and many more.	Free or Open Access Resource. Unrestricted public access.
ProQuest Dissertations and Theses	Galvin	ProQuest Dissertations and Theses is a database containing millions of doctoral dissertations and master's theses from universities around the world. It provides researchers with access to original scholarly work across numerous disciplines, offering full-text downloads for many recent submissions and abstracts for older works, making it an essential resource for in-depth academic research and literature reviews.	Access restricted to Illinois Tech students, faculty, & staff
ProQuest Ebook Central	Galvin	ProQuest Ebook Central is a leading global ebook aggregator, serving academic, corporate and research libraries worldwide. Use Ebook Central to find relevant ebooks and chapters; read online; search within the ebook. You can also share your research with others, download ebooks and chapters to your laptop or mobile device, and more.	Access restricted to Illinois Tech students, faculty, & staff
ProQuest SciTech Collection	Galvin	The ProQuest SciTech Collection is a database providing access to scientific and technical literature across various disciplines. It offers full-text articles, abstracts, and citations from journals, conference proceedings, and technical reports in fields such as engineering, computer science, physics, and environmental science.	Access restricted to Illinois Tech students, faculty, & staff
Psychological Experiments Online	Galvin	A multimedia collection that synthesizes the most important psychological experiments of the 20th and 21st centuries. These experiments have far-reaching impacts on fields as diverse as sociology, business, advertising, economics, political science, law, ethics, and the arts.	Access restricted to Illinois Tech students, faculty, & staff
Psychology and Behavioral Sciences Collection	Galvin	Psychology & Behavioral Sciences Collection is a comprehensive database covering information concerning topics in emotional and behavioral characteristics, psychiatry & psychology, mental processes, anthropology, and observational & experimental methods. This is the world's largest full text psychology database offering full text coverage for nearly 400 journals.	Access restricted to Illinois Tech students, faculty, & staff

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
PubChem	Galvin	A searchable structure database that provides information on the biological activities of small molecules. It is based on three growing, linked databases: compounds, substances, and bioassay results. Managed by the U.S. National Library of Medicine.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
PubMed	Galvin	PubMed is the U.S. National Institutes of Health (NIH) free digital archive of biomedical and life sciences journal literature. PubMed is a service of the U.S. National Library of Medicine that includes over 24 million citations from MEDLINE and other life science journals for biomedical articles back to the 1950s. PubMed includes links to over 3 million full text articles and other related resources.public access.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
re3data	Galvin	Re3data is a global registry of research data repositories that covers research data repositories from different academic disciplines. In addition to the fully functional search and browse features on the website, they offer a free API to facilitate retrieval of data.	Free or Open Access Resource. Unrestricted public access.
Regional Business News	Galvin	This database provides full text coverage for regional business publications in metropolitan and rural areas within the United States.	Access restricted to Illinois Tech students, faculty, & staff
repository.iit	Galvin	The repository supports cross-disciplinary collaboration by collecting, preserving, disseminating, and providing persistent and reliable access to all faculty, staff, and student digital research and scholarship. It is supported and maintained by the Paul V. Galvin Library. The repository also preserves library and archival collections, and serves as a living archive for other materials representing the many diverse aspects of the IIT community.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Retraction Watch	Galvin	Retraction watch is a searchable database of research papers that have been retracted due to ethical issues, such as plagiarism, fabrication or falsification of research results, or unauthorized release or publication of data. Because of these problems, retraced papers should not be cited or used in your own research.	Free to search. Full-text content likely to be paywalled or restricted to Illinois Tech
ROSA P - The Repository & Open Science Access Portal of the National Transportation Library	Galvin	ROSA P is a searchable collection of resources across all modes of transportation and related disciplines, with specific focus on information produced by USDOT, state DOTs, and other transportation organizations. Content types found in ROSA P include textual works, datasets, still image works, moving image works, other multimedia, and maps. All resources in ROSA P are in the public domain and/or explicit permission has been provided by the rights holder to NTL to make their materials available for free over the web.public access.	Free or Open Access Resource. Unrestricted public access.
SAGE Journals Online	Galvin	A collection of over 450 online, peer-reviewed journals and other scholarly content in many disciplines including Management and Organization Studies, Communication Studies, Psychology and Sociology. Full-text available from 1999-present.	Access restricted to Illinois Tech students, faculty, & staff
SAGE Knowledge	Galvin	This database allows users to simultaneously search the contents of over 60 online encyclopedias. Topics covered include African American Studies, Aging & Gerontology, Anthropology, Business & Management, Communication & Media Studies, Counseling & Psychotherapy, Criminology & Criminal Justice, Economics, Education, Environment, Family Studies, Gender & Sexuality Studies, Geography, Health & Social Welfare, History, Politics, Psychology, Research Methods & Evaluation, Social Issues, Social Work & Social Policy, and Sociology.	Access restricted to Illinois Tech students, faculty, & staff
SAGE Reference	Galvin	A collection of specialized encyclopedias and dictionaries on a variety of academic topics.	Access restricted to Illinois Tech students, faculty, & staff
Sanborn Digital Maps 1867-1970	Galvin	Sanborn Maps of Illinois, 1867-1970 provides digital access to large-scale historical maps of Illinois towns and cities. Users have the ability to easily manipulate the maps, magnify and zoom in on specific sections, and layer maps from different years.	Access restricted to Illinois Tech students, faculty, & staff

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Saskia Art Images Collection	Galvin	Digital images of paintings, sculpture and architecture.	Access restricted to Illinois Tech students, faculty, & staff
SciELO Citation Index	Galvin	The SciELO Citation Index™ helps researchers make connections to the broader research landscape, for a more complete global picture, by discovering new insights from research in regional journals in Latin America, Spain, Portugal, the Caribbean and South Africa. SciELO (Scientific Electronic Library Online) is a program of the Sao Paulo Research Foundation for the cooperative publishing of open access journals on the internet. It is supported by the National Council of Scientific and Technological Development and is a partnership with the Latin American and Caribbean Center on Health Sciences Information.	Access restricted to Illinois Tech students, faculty, & staff
Science Forward	Galvin	Focuses on the critical thinking skills in use across the scientific disciplines. Starting with critical issues in the contemporary world, from climate change to the social and economic implications of artificial intelligence, the course encourages active learning and inquiry-based instruction.	Free or Open Access Resource. Unrestricted public access.
Science Reference Source	Galvin	Science Reference Source contains full text for nearly 640 science encyclopedias, reference books, periodicals, etc. Topics covered include: biology, chemistry, earth & space science, environmental science, health & medicine, history of science, life science, physics, science & society, science as inquiry, scientists, technology and wildlife.	Access restricted to Illinois Tech students, faculty, & staff
Science.gov	Galvin	Science.gov is a gateway to over 50 million pages of authoritative selected science information provided by U.S. government agencies, including research and development results.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
ScienceDirect	Galvin	Full text scientific research database focusing on science, technology and medicine while also stocking certain humanities publications.	Access restricted to Illinois Tech students, faculty, & staff
SciFinder	Galvin	Featuring the world-renowned CAS Content Collection, CAS SciFinder has the tools and information you need to uncover relevant, actionable insights faster. In order to access this resource, you will first need to register for a SciFinder account at the following URL: http://www.tinyurl.com/GLSF1.	Access restricted to Illinois Tech students, faculty, & staff
Sherpa Juliet	Galvin	Sherpa Juliet is a searchable database of funding agencies' policies regarding open access, publication, and data management / data sharing. This is particularly useful for researchers looking for up-to-date information regarding open access mandates from their funders.	Free or Open Access Resource. Unrestricted public access.
Sherpa Romeo	Galvin	Sherpa Romeo is a searchable database of publishers' policies regarding open access, copyright, and permissions. This is particularly useful to researchers checking to see how their go-to journals comply with open access mandates from their funders or for seeking out alternative journals that better support funders' mandates.	Free or Open Access Resource. Unrestricted public access.
SIAM E-books	Galvin	Hundreds of e-books about applied mathematics, computational science, design, and statistics. Downloadable (by chapter).	Access restricted to Illinois Tech students, faculty, & staff
SIAM Journals - Society for Industrial and Applied Mathematics	Galvin	An online digital library of publications of the Society for Industrial and Applied Mathematics, from 1997-present. Use the Advanced Search feature to search multiple titles simultaneously.	Access restricted to Illinois Tech students, faculty, & staff
SIAM Locus - Society for Industrial and Applied Mathematics	Galvin	Online digital library of publications of the Society for Industrial and Applied Mathematics from 1952-1996. Browse by journal title or use the Advanced Search feature to search multiple titles simultaneously.	Access restricted to Illinois Tech students, faculty, & staff

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
Smithsonian Institute Archives	Galvin	The Smithsonian Institution Archives captures, preserves, and shares with the public the history of the Institution. From its inception in 1846 to the present, the records of the history of the Institution—its people, its programs, its research, and its stories—have been gathered, organized, and disseminated so that everyone can learn about the Smithsonian and its role in American history, scientific exploration, and with the promotion of international cultural understanding. Subject areas include aerospace engineering, history, manufacturing, and the humanities.	Free or Open Access Resource. Unrestricted public access.
Smithsonian Open Access	Galvin	Welcome to Smithsonian Open Access, where you can download, share, and reuse millions of the Smithsonian's images—right now, without asking. With new platforms and tools, you have easier access to more than 4.4 million 2D and 3D digital items from our collections—with many more to come. This includes images and data from across the Smithsonian's 19 museums, nine research centers, libraries, archives, and the National Zoo.	Free or Open Access Resource. Unrestricted public access.
SocioMetrics	Galvin	In close cooperation with the National Institutes of Health over the past three decades, Sociometrics provides evidence-based curricula, professional development courses, and datasets for health professionals, educators and patients. These products address key wellness drivers including sexual and reproductive health, HIV-awareness, mental hygiene, intimate partner violence, and substance abuse.	Access restricted to Illinois Tech students, faculty, & staff
SPARC* Article and Data Sharing Requirements by Federal Agency database	Galvin	This is a searchable database for tracking, comparing, and understanding both current and future U.S. federal funder requirements for sharing research articles and research data.	Free or Open Access Resource. Unrestricted public access.
SPARC* Open Education	Galvin	SPARC* Open Education encompasses resources, tools and practices that are free of legal, financial and technical barriers and can be fully used, shared and adapted in the digital environment.	Free or Open Access Resource. Unrestricted public access.
SPIRES-HEP	Galvin	Stanford hosted database with over half a million articles related to high energy physics. In depth information on experiments, journals, conferences, and institutions.	Free or Open Access Resource. Unrestricted public access.
Springer eBooks	Galvin	Springer eBooks features the full text of academic publications covering the following subjects: Architecture, Design, Business, Economics, Behavioral Science, Biomedical and Life Sciences, and Medicine.	Access restricted to Illinois Tech students, faculty, & staff
Springer Nature Link (SpringerLink)	Galvin	Provides electronic access to the complete contents of a growing collection of SpringerLink journals in subjects including Mathematics and Computer Science (formerly Kluwer Journals).	Access restricted to Illinois Tech students, faculty, & staff
SpringerMaterials	Galvin	SpringerMaterials is based on the Landolt-Börnstein New Series, the unique, fully evaluated data collection in all areas of physical sciences and engineering. SpringerMaterials also comprises the Dortmund Data Bank Software & Separation Technology, a Database on Thermophysical Properties and the Linus Pauling Files, a Database on Inorganic Solid Phases and chemical safety data.	Access restricted to Illinois Tech students, faculty, & staff
SSRN - Social Science Research Network	Galvin	A large, mostly free public website with abstracts for over 230,900 scholarly working papers and forthcoming papers and more than 189,300 downloadable full text documents in all areas of political science.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
State and County Quickfacts	Galvin	Facts about people, business, and geography from the U.S Census.public access.	Free or Open Access Resource. Unrestricted public access.
Teacher Reference Center	Galvin	Indexing and abstracts for teacher and administrator journals and magazines.	Access restricted to Illinois Tech students, faculty, & staff

Online Library Resources
Sorted by library

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
TechNews Collection	Galvin	Digital collection of IIT-published campus newspapers.	Free or Open Access Resource. Unrestricted public access.
TechRxiv	Galvin	TechRxiv (pronounced "tech archive") is an open, moderated preprint server for unpublished research in electrical engineering, computer science, and related technology. It is provided by IEEE.	Free or Open Access Resource. Unrestricted public access.
TED	Galvin	TED is a nonprofit devoted to spreading ideas, usually in the form of short, powerful talks (18 minutes or less). TED began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics — from science to business to global issues — in more than 100 languages. Meanwhile, independently run TEDx events help share ideas in communities around the world.	Free or Open Access Resource. Unrestricted public access.
The National Map	Galvin	As one of the cornerstones of the U.S. Geological Survey's (USGS) National Geospatial Program, The National Map is a collaborative effort among the USGS and other Federal, State, and local partners to improve and deliver topographic information for the Nation. It has many uses ranging from recreation to scientific analysis to emergency response.	Free or Open Access Resource. Unrestricted public access.
The Times (London)	Galvin	Complete issues of The Times (London) from 1785 to 2014. Includes headlines, articles, images, editorials, advertisements and from the United Kingdom's paper of record.	Access restricted to Illinois Tech students, faculty, & staff
Thesaurus.com	Galvin	Online version of Roget's II: The New Thesaurus.	Free or Open Access Resource. Unrestricted public access.
Thingiverse	Galvin	Thingiverse is an online design community for discovering, making, and sharing 3D printable things. It is the world's largest 3D printing community, and encourages users to create and remix 3D things, no matter their technical expertise or previous experience. In the spirit of maintaining an open platform, all designs are encouraged to be licensed under a Creative Commons license, meaning that anyone can use or alter any design.	Free or Open Access Resource. Unrestricted public access.
Think. Check. Submit.	Galvin	Through a range of tools and practical resources, Think. Check. Submit. helps researchers identify trusted publishers for their research, thereby promoting integrity and building trust in credible research and publications.	Free or Open Access Resource. Unrestricted public access.
ThomasNet	Galvin	Online version of the Thomas Register of American Manufacturers. In addition to information on hundreds of B2B industrial suppliers and manufacturers, it includes specifications or links to the specifications of industrial and laboratory equipment.	Free or Open Access Resource. Unrestricted public access.
TradeStats Express	Galvin	Interactive dashboards and infographics providing data on U.S. goods trade at the national, state and metropolitan area levels.	Free or Open Access Resource. Unrestricted public access.
TRAIL (Technical Report Archive And Image Library)	Galvin	The Technical Report Archive & Image Library (TRAIL) is an initiative led by the University of Arizona in collaboration with CRL and other interested agencies to identify, digitize, archive, and provide access to federal technical reports issued prior to 1975.	Free or Open Access Resource. Unrestricted public access.
TRID - Transport Research International Documentation	Galvin	TRID is an integrated database that combines the records from TRB's Transportation Research Information Services (TRIS) Database and the OECD's Joint Transport Research Centre's International Transport Research Documentation (ITRD) Database. TRID provides access to more than 1.25 million records of transportation research worldwide.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech

RESOURCE	LIBRARY	DESCRIPTION	ACCESS
U.S. Geological Survey Map Locator & Downloader	Galvin	The USGS Map Locator and Downloader allows users to view and download maps of the United States. Last updated in 2015.	Free or Open Access Resource. Unrestricted public access.
U.S. Geological Survey Water Resources	Galvin	The USGS works with partners to monitor, assess, conduct targeted research, and deliver information on a wide range of water resources and conditions including streamflow, groundwater, water quality, and water use and availability.	Free or Open Access Resource. Unrestricted
U.S. Supreme Court Records and Briefs, 1832-1978	Galvin	Containing nearly 11 million pages of records and briefs brought before the U.S. Supreme Court in the period 1832-1978, this product provides an essential primary source tool for the study of all aspects of American history as well as the U.S. judicial system.	Access restricted to Illinois Tech students, faculty, & staff
UN iLibrary	Galvin	The United Nations iLibrary is a comprehensive global search, discovery, and viewing source for digital content created by the United Nations. Initially launched in 2015, the UN iLibrary was updated in December 2020 to incorporate new features such as an interface in all six official UN languages and a search feature by Sustainable Development Goals.	Free or Open Access Resource. Unrestricted public access.
unpaywall	Galvin	Unpaywall is a free, open database indexing millions of legally free versions of otherwise paywalled scholarly articles. It also has a downloadable browser extension that integrates into the Chrome and Firefox browsers, allowing users to access millions of legally free research papers as they browse.	Free or Open Access Resource. Unrestricted public access.
UpCodes	Galvin	UpCodes provides a free platform to access building codes for all 50 states as well as the international codes. The free version allows access to all codes. Searching and advanced functionality is limited to an individual paid subscription.	Mostly free or Open Access. Some content may be paywalled or restricted to Illinois Tech
Urban Studies Abstracts	Galvin	Urban Studies Abstracts includes bibliographic records covering essential areas related to urban studies, including urban affairs, community development, urban history, and other areas of key relevance to the discipline.
